

VLAD LAZAREV

Web Developer

@ getyourbestsite@gmail.com

📍 Russia, Novorossiysk

EDUCATION

Musical college, graduated in 1991.

I studied web development by myself with the help of the Internet.

EXPERIENCE

I have a job and I have to say it has no relevance to the website development field. The job is a shift-work - I work two days, and then I have two days off.

I think I have enough time for a part-time position.

If you hire me for a full-time position I quit the job at once.

LANGUAGES

English Advanced Russian Native

STRENGTHS

Reliable and consistent

Website template

[🔗 https://website-template.getyourbestsite.info/](https://website-template.getyourbestsite.info/)

The template is showing the basic functionality and structure of the modern web application from my point of view.
